Senior Management Consultant Analysis Team Member

Industry
France

REF # 590

September 24th of 2026

Dear all,

We're looking for 1 experienced French-speaking Senior Management Consultant to join an international project team supporting operational improvement work in France on a project-based assignment.

Applications must be submitted with:

- ***Your resume, under the Word format, Template 1 ([in English](#))***
- ***Your [Self-Assessment](#)***

POSITION

We're looking for 1 Project-based Independent Consultant:

Your role:

- Work as part of an international consulting team on 1 analysis related to supply chain, manufacturing and operational performance improvement.
- Analyze operational performance, identify improvement opportunities and support the design of practical improvement programs.
- Support the implementation of change initiatives and help translate plans into measurable results.
- Facilitate communication between the project team and French-speaking Client Stakeholders. This includes interpreting in meetings when needed and ensuring that key messages, findings and actions are understood accurately.
- Prepare clear, high-quality analyses and presentation materials **in English**.

CLIENT

A European Management Consulting Company, operating worldwide, and specialized in Productivity Improvement and Change Management.

Our Client analyzes operations, identifies opportunities, and designs and implements productivity and profitability improvement programs.

Work is strongly implementation-focused, with clearly defined goals and measurable Client value.

LOCATION

France, about an hour drive South of Lyon center.

TECHNICAL PROFILE

- Fluent French and strong professional English. Additional European languages are an advantage.
- Solid experience in line management, operational development or management consulting within manufacturing or another operations-intensive environment.
- Hands-on experience in Lean-based operational improvement.
- Strong business judgement and analytical skills, with the ability to identify root causes, key value drivers and relevant cause-and-effect relationships.
- A collaborative and pragmatic working style, with the ability to engage effectively across organizational levels.
- The ability to work independently in an international client environment.
- A relevant technical, engineering, business or commercial degree.
- Ideally, availability to work through your own company or as an independent consultant.

REMUNERATION

750 € / day for the Analysis, 950 € / day for the Project.
Expenses reimbursed.

PROBABILITY

Certain.

LANGUAGES

Excellent written and oral command in **English** and **French**. Additional European language(s) is a plus.

START / END

October of 2025 for a +/- 5 calendar weeks analysis.

In case of a Go-Ahead, the projects will start with max 2-3 weeks following the analysis and will, very tentatively, run for 5 to 10 months.

WORKLOAD

Full-time.

Interested?

Thanks to forward us a **COVER LETTER** (with a short description of your experience in manufacturing, operational improvement and client-facing work in French and English) with your **RESUME (in ENGLISH)**, respecting the [TEMPLATE 1 application format, from our website](#), mentioning the **590** Reference.

Please send a unique file to application@veasourcing.com, along with the results of [Your Self-Assessment](#).

Only complete applications, strictly answering to the expected criteria, will be addressed.

If no answer was given to you after a period of 10 days, please consider your application as not selected.

If this role isn't right for you, don't forget to forward it to your own network - it may be perfect for someone else!
